

Mike's 3 steps

Running Elite Eight on Captainly

Captainly
captainly.app

1

Open captainly.app and sign in.

On your phone or computer, go to **captainly.app** and tap **Continue with Google**. Use your Gmail account.

Stop chasing your team.

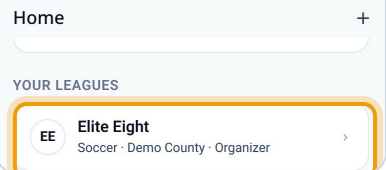

Continue with Google

By continuing you agree to keep it friendly on and off the field.

2

Tap Elite Eight.

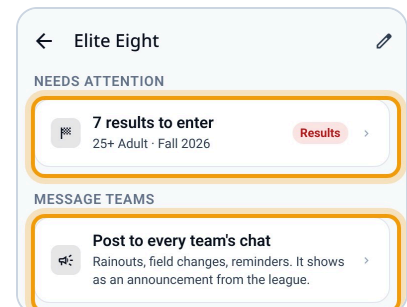

On your Home screen, scroll down to **Your leagues** and tap **Elite Eight**. That's your league's home base.

3

Every week: schedule, scores, messages.

- **Schedule:** tap your season, then **Schedule**.
- **Scores:** tap **results to enter**, pick a game, type the score, tap **Enter official result**.
- **Messages:** tap **Post to every team's chat**, type it, tap **Send to every team**.

Stuck? Text Nico.

Anything at all, big or small. Nico will walk you through it.

Your other leagues? Same screens, about 20 minutes each. Nico will help set them up.
